# community pools redevelopment project

## ***please read this important information regarding season passes and season dates***

Ballina Shire Council is undertaking significant redevelopments of the Alstonville and Ballina Swimming Pool complexes. Construction of these improved facilities is anticipated to take place during the 2017 winter closure period; however the exact dates are yet to be determined.

While it is hoped that construction can take place exclusively within the winter closure period, adjustments may be required to the 2016-2017 closure date and/or the 2017-18 opening date.

- Any potential changes to the 2016-2017 closure dates will be minimal.
- Possible changes to the 2017-18 opening date may result due to unforeseen delays throughout the construction period, eg adverse weather.
- A change in the closing or opening dates of one pool may not necessarily affect the other pool.
- Pools at each of the new facilities will be heated.

In the event that the 2016-17 season is reduced, Ballina Shire Council will not provide refunds or compensation for season passes purchased.

The reciprocal Season Passes for Alstonville and Ballina Swimming Pools represent excellent value for money as discounted against single entry prices. This value would not be negated by a (minimal) shortening of the swimming season.

Ballina Shire Council will advise all season pass holders at the earliest possible convenience once dates are known. Providing your email address on your Season Pass Application Form will allow Ballina Shire Council to provide you with information updates on the redevelopment projects.
