7 December 2017

The Resident  
Castle Drive  
LENNOX HEAD NSW 2478

Dear Resident

**Re: Notice of Tree Works in Your Area**

Council's Fig Tree Management Program has identified the fig tree on Castle Drive as being a significant public risk. Due to this risk, Council will be engaging contractors to remove this tree in the near future.

This tree has been identified for replacement and forms part of Council's ongoing commitment to proactively manage trees that pose a risk to our shire's infrastructure.

Works are planned to be undertaken during the week commencing Monday 11 December 2017 and Council appeals to motorists and pedestrians to obey all changes in traffic conditions and comply with all safety signs.

We aim to minimise any inconvenience by having traffic control in place during work hours to assist residents with property access.

Council wishes to thank the community in advance for their patience during the works, and apologises for any inconvenience.

Should you have any enquiries about this matter please contact me on 1300 864 444.

Yours faithfully

Cheyne Willebrands
